

jpcr2::Regex::initMatch

main

```
graph RL; main --> jpcr2::Regex::initMatch;
```

The diagram illustrates a function call. A box on the right labeled 'main' has a blue arrow pointing to a box on the left labeled 'jpcr2::Regex::initMatch'. The 'jpcr2::Regex::initMatch' box is shaded gray, while the 'main' box is white. Both boxes have a black border.
